

Job Title : Front-end Developer

Industry: Automotive & Autonomous Driving
Residence: Europe (preferred in German)
Salary: Negotiable

Strategic Partnership between HEE and PIX Moving:

In February 2022, HEE's Chinese joint venture Guizhou HEE and PIX Moving signed a strategic partnership agreement that generated attention throughout China. The goal is to jointly develop products around self-driving autonomous vehicles that use hydrogen in different applications such as self-driving backup power vehicles or self-driving on-demand electric car charging stations.

The job position below is on behalf of PIX Moving, a company registered in Guiyang, China, and HEE only supports the candidate selection process.

Company Introduction:

PIX Moving is a key player of skateboard chassis in the world. Our products have been sold to 27 countries and regions globally. Except skateboard chassis, we also have complete vehicles and outdoor robotics. PIX Moving also put great effort on developing autonomous driving technologies. Moreover, we are a pioneer of other advance R&D, including computational vehicle design and intelligent manufacturing technology. PIX Moving strives to create a culture of entrepreneur, freedom, responsible and self-motivated. We believe that our technologies will redefine the automotive industry.

Key Responsibilities:

- Work on complex technical or specialty area problems reflecting sound judgment and analysis.
- Develop front-end user interfaces for web applications using Java/JavaScript/Angular/CSS/HTML framework and maintain existing software.
- Work semi independently, in tandem with back-end developers and as part of a team, all with minimal supervision.

Required Skills and Qualifications:

- Master's degree in computer science or related fields.
- 3 years working experience in automated vehicle related area
- Recognize problems, identify possible causes and resolve routine problems.
- Bachelor's degree in Computer Science or related fields.
- Experience in HTML, CSS, JavaScript, Java, jQuery and AJAX.
- Knowledge of version control tools such as CVS, SVN or GIT.
- Knowledge of open-source frameworks (Angular).

Please send applications directly to PIX Moving:

(Unfortunately, applications sent to HEE Technologies can not be considered).
